

**ASIS**  
*Chairs for life*

**Mercury**

Lines create a mysterious beauty

Unique brushed version  
Refined as silk, reflecting natural light

A timeless design that melds function,  
form and refinement.

*continuous curve*

**Bartoli Design** – associated architecture and design studio - Carlo, Paolo, Anna Bartoli – operating from the heart of Italian design, Milano.

Starting in 1963, Carlo has been designing products and architectures since fifty years now, joined by Anna and Paolo more than twenty years ago. Bartoli Design has made numerous successful collaborations with leading companies in the furniture sector.

‘Our studio is like a Renaissance workshop, a team of people, confront, discuss, criticize or disassemble ideas, then re-assemble them, during the design process. We like to design products that will last for years- the most important quality for us -, not intrusive and that give the feeling of being always been where you place them. Products that stimulate the imagination and improve life at the same time provide comfort and well-being’.

Bartoli’s Design products have been awarded international acknowledgments:

Compasso d’Oro ADI, Red Dot Award, IF Award, Materialica Design Award and Good Design Award.

Carlo Bartoli’s work is exhibited in museum collections, from the MOMA in New York and the Centre Pompidou in Paris, to the Triennale in Milano. Carlo Bartoli was appointed 2012 Apostle of Design.

No matter the location,  
Mercury can significantly  
enhance the aesthetics of  
your surroundings.

Mercury's brushed and glazed aluminium frame is the embodiment of the 'art of natural metal'.
